Minimum Grant Amount/Project	\$250,000	\$250,000	\$250,000	\$250,000 (\$100,000 for Project Planning)
Match Requirementⁱⁱⁱ	25%	\$1 – \$5 Million 20% \$125K – \$999,999 15% \$1 – \$124,999 10% (By Law) ^{iv}	50%	No match requirement ^v .

2005-06 Consolidated Grants:
Proposed Grant Maximum & Minimum Amounts & Matching Requirements
For discussion purposes only as part of the July 2005 Stakeholder Workshops.

	GRANT PROGRAM			
	319(h) Program <i>(Federal Clean Water Act)</i>	Integrated Watershed Management Programⁱ <i>(Prop 40, Ch 4)</i>	Non-Point Source Pollution Control Programⁱ <i>(Prop 40, Ch 4)</i>	Urban Stormwater Program <i>(Prop 40, Ch 4)</i>
Total Funds Availableⁱⁱ	\$4.5 Million	\$47.5 Million	\$19 Million	\$14.25 Million
Maximum Grant Amount/Project	\$1 Million	\$10 Million	\$5 Million	\$1 Million
Minimum Grant Amount/Project	\$250,000	\$250,000	\$250,000	\$250,000
Match Requirementⁱⁱⁱ	25%	25%	25%	25%

ⁱ Up to 5% of total grant funds may be used for smaller grants between \$50,000 - \$250,000.

ⁱⁱ Total funds available shown are approximate, after deducting administration and bond costs.

ⁱⁱⁱ The match requirement will be waived for disadvantaged communities. For regional proposals/projects, the match requirement will only be waived for the disadvantaged community portion of the region. State funds may **not** be used to meet the match requirement, except by State Agencies. The match funds must coincide with the same time period of the project (grant agreement). Bonus points will be given to proposals that exceed the match required in the Guidelines.

^{iv} California Water Code, Section 79148.8(f) requires a match, by the table formula, for the portion of the project consisting of capital costs for construction.

^v No match is required. CALFED is interested in proposals that help meet the programmatic target of 20% (5% from "local government" and 15% from other "project specific partners").
